

Help Bikes & Pedestrians Co-Exist Safely at **Mt. Tabor Park**

There are increasing concerns about high speeds and close calls at Mt. Tabor Park - especially on Wednesdays when the park is closed to automobiles and the road is turned over to cyclists and pedestrians. There's room for both - we just want it to be safe and fun for everyone.

Your help is needed to solve the problem!

Join Portland Parks and Recreation, the Portland Office of Transportation and the Southeast Precinct Police Bicycle Patrol to discuss safety concerns and brainstorm possible solutions.

Mt. Tabor Park, Covered Picnic Shelter

(across from the playground and restrooms)

Wednesday, July 18

5:30pm Snacks

6:00pm Meeting Starts

Cyclists and walkers are highly encouraged to attend.

The perspectives and ideas of both user groups are important.

(Note: July 18 is a Wednesday, when the park is closed to motorized traffic. If coming by car, the closest parking can be found outside the 69th Ave entrance to the park. A shuttle van will run between SE Yambill/69th and the picnic area for any who need assistance. Last shuttle leaves at 6pm.)
