

VANCOUVER AVE BRIDGE CLOSURE

BICYCLE DETOUR ROUTE

The Vancouver Ave Bridge over the Columbia Slough will be closed to bicycles and pedestrians beginning in mid-May 2010. The bridge will be demolished and reconstructed, with a likely reopening at the end of December 2010. The recommended alternate route to Delta Park area can be made via the existing bicycle routes along N Bryant St west from Williams Ave, continuing to Interstate Ave and Denver Ave.
